TRI TRAN+ ENHANCED SECURITY

Australians have trusted B&D's garage door automation products for decades. Our latest Controll-A-Door® range builds on our rich heritage by combining smooth and reliable operation with a range of features that help protect your family and belongings.

- Includes 2 x Premium Remotes and Wall Mount Remote Control
- Tri-Tran+™ enhanced security
- 7 year warranty
- Suits single and double sized doors

Full range and specifications on back page

Remote Controls & Accessories.

SECURE GARAGE DOOR CONTROL AT YOUR FINGER TIPS

Every Controll-A-Door® automatic garage door opener comes standard with 2 x premium Tri-Tran+™ remote controls and 1 x wall control unit offering you advanced security, peace of mind and reliable operation with virtually no interference from other wireless devices.

WIRELESS SAFETY BEAMS

If you have young children or pets, safety beams provide added safety and security. If the beam is broken while the door is closing, it will automatically stop & reverse. B&D® always recommend the use of safety infra-red beams on all automatic garage doors.

ENTRY KEYPAD

Allows you to enter the garage without a transmitter. Great for children. No need to give them a key or transmitter as they can enter the house with their PIN.

RECHARGEABLE BATTERY BACK UP

If power supply to the opener is broken, the door will still be operational with the rechargeable battery back up.

B&D® Smart Hub

Smart Phone. Control Kit

Have you ever left the house in the morning and thought, **"Did I remember to close the garage door?"**.

An open garage is an open invitation for unwanted entry so it pays to know that you can control your door while you are away from home with B&D®. The kit allows you to monitor and control your garage door while you are at work or even on holidays from your compatible smart phone*.

Best of all, the kit is available for both Rolling and Sectional style garage doors.

DOWNLOAD & TRY IN DEMO MODE NOW!

Available on the App Store

Scan QR code to download App for Android devices

ANDROID APP ON Google play

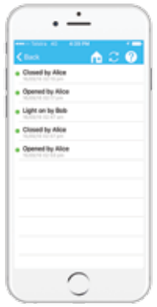
* Subject to cellular and WiFi connection and availability.
Note - Kit includes Smart Hub & accessories. Phone not included.

YOUR SILENT ALARM

The B&D® App features real time notifications alerting you whenever your door is operated, opened for an extended period of time or when your opener is in need of a service.

CUSTOMISATION

The B&D® App can be customised to suit your lifestyle. From partial opening modes to restricting door access times, your protection and security is a priority.



ACTIVITY LOG

You can view usage history on the App so you know who has operated your garage door and when.
